

# The UST Experts

Testing, Compliance Management and Cleaning Services

*From major oil companies to sole proprietors, companies throughout the United States turn to US Tank Alliance for professional, reliable testing, compliance management and cleaning of underground storage tanks (USTs).*

Our customers include:

- Major Oil Companies
- Gasoline Retailers
- State and Municipal Departments of Transportation
- Large Transportation and Shipping Companies

Integrity, expertise and a commitment to quality are the pillars of our operation. With more than 50 employees stationed throughout our multi-region service area, **US Tank Alliance** offers custom, turnkey solutions based on each client's unique needs.

Our field technicians average more than 10 years of industry experience and are expertly trained to handle state-specific compliance testing and our state-of-the-art cleaning service.

## UST SYSTEM TESTING

With certifications and expert training in all types of UST testing, **US Tank Alliance** ensures you not only maintain compliance, but continue to operate free of problems. We offer a comprehensive list of UST testing solutions, such as precision tank, line and leak detector, ATG certification, Stage II vapor recovery, sump testing, and others. We also provide prompt emergency response service, 24 hours a day, seven days a week.

## TANKTRAXX—100% GUARANTEED COMPLIANCE

**US Tank Alliance** removes all of the compliance guesswork from your testing requirements with one automated solution. It's your 100% guarantee that the right tests will be performed at the right time.

## UST CLEANING

Our *PetroPure*<sup>®</sup> Tank Cleaning System offers the best solution for cleaning and protecting your equipment. *PetroPure*<sup>®</sup> reaches all areas of the tank to remove sludge, dirt and microorganisms, allowing you to keep your equipment and maintenance costs under control—*an essential for Ethanol (E-10) tank conversion.*

**“US Tank offers more value for their customers. Scheduling is easy and they always respond quickly to my needs.”**

**Gary Beebe  
HAWKINS EQUIPMENT**

Your best choice for professional and reliable tank system testing, compliance management and cleaning services.

## US TANK ALLIANCE HAS YOU COVERED

With multiple locations throughout the country, **US Tank Alliance** is ready to manage your UST system testing, compliance management and cleaning requirements.
